It is important to get your message across in the allowed time, and for the meeting to run according to schedule.

*Our **timer**, _____, will now report on how we've done with the time. You may give your report from your place.*

*Next we'll hear from the **Wordmaster and Grammarian** _____ who has been tracking our use of the word of the day and listening for good uses of the language as well as points for improvement. You may give your report from your place.*

*The **ah-counter** tracks the use of verbal pauses – those ahs and ums that come out of our mouths while we think of the next thing to say and detract audience from our message.*

Our ah-counter is _____. You may give your report from your place.

Now I have a few comments on the meeting as a whole. Timer, please monitor my time between 2 and 3 minutes.
